

Photo Trek 2010

Members are again invited to participate in the Summer Photo Trek.

For 2010 we have chosen Bridgend and District to be our subject. The area covered will include a distance from the town centre of 10 miles in any direction.

The images will be marked using the scoring machine using 2-5 scoring as is generally done in International and other external competitions. This will give you an added insight into the method used and requirements needed for a better score.

Your mission, should you accept it, is to present 20 images in total of the following:

1. Grand Entrance
2. Looking Up
3. Close Up
4. A Natural Landscape
5. Featuring Water
6. Urban Landscape

Entries should be submitted by 8 November to enable loading onto the computer ready for judging which will take place on 15 November.
